Marsh, it's so hard to write for many reasons, the most material reason being there's no space left after all your many other friends. I may be last + least, but anyway I do get to write. During these few years of knowing you, going with you and practically living with you you gradually grew to mean something more to me than anything else in the world. I say this Marshall with all sincerity. Now we have to say good bye, and perhaps I regret this more than you. I do not blame you, I think the blame rests somewhere between us. You have made me laugh and love, cry and practically die, but all this is now ending. I will remember you always as I think you are practically part of me. Maybe that's good for me because you have a perfect personality and you are just super in many ways. I pray the future will give you everything and more that you are asking for you certainly have the will to succeed, and certainly deserve it. When you are lonely and homesick up at yale,

Football Scoreboard

In his first year as head football mentor at East, Coach Bernie Taylor led the Aces to a sparkling 7-3 record this fall. The squad placed second in the Ark Valley league and tied for first in the city championship series.

After dropping its first game to Salina, the team ran up a string of five consecutive victories, before bowing to Ark City on October 30. The Aces then racked North and Winfield on successive week-ends before West thumped in the season's finals.
